

## GPT 3 — Lead Capturing Page Builder

### Step 1 — Import the card (first thing GPT 3 does)

**GPT asks:** Paste your Offer Card from GPT 2.

**User pastes (mock):**

- Niche: **How to get free leads**
- Selected offer: **OneDoc AI**
- Angle: **Create high-converting lead magnets fast with AI**
- Funnel: **Opt-in page → emails → offer**

### Step 2 — Confirm the offer name

**GPT asks:** What affiliate offer name did you select?

**User answers:** **OneDoc AI**

### Step 3 — Request sales copy

**GPT asks:** Paste the affiliate offer sales copy here (full text).

**Mock note:** Sales copy wasn't provided, so GPT 3 will generate copy using only the card angle (no invented claims).

### OUTPUT (what GPT 3 produces)

#### 1) Headline

**Turn Free Lead Magnets Into Daily Leads With AI**

#### 2) CTA line (directly below headline)

**Enter Your BEST Email For Instant Access!**

#### 3) Button text

**Get Instant Access**

### UPDATED OFFER CARD (GPT 3 → GPT 4)

### UPDATED OFFER CARD (GPT 3 → GPT 4)

- **Niche:** How to get free leads
- **Best Trend:** AI lead capture + automated follow-up (via lead magnets)
- **Keywords:** free leads, lead magnet, opt-in, email list, follow-up, templates, AI lead magnet
- **Selected Offer Name:** OneDoc AI

- **Lead Page Headline:** Turn Free Lead Magnets Into Daily Leads With AI
- **CTA Line:** Enter Your BEST Email For Instant Access!
- **Button Text:** Get Instant Access
- **Audience + pain points:** Beginners who need consistent leads, don't know what to offer, and struggle with follow-up.
- **Notes/constraints:** Sales copy not pasted in this mock. If pasted, headline should mirror the offer's top headline.

**Paste this Updated Offer Card into GPT 4: Email Campaign Builder.**
